Art & Design Programme of Study

Last updated: Amber Fowkes, 2024

Somerdale Educate Together uses the AccessArt Primary Art Curriculum.

Purpose of Study

Art, craft and design embody some of the highest forms of human creativity. A high-quality art and design education should engage, inspire and challenge pupils, equipping them with the knowledge and skills to experiment, invent and create their own works of art, craft and design. As pupils progress, they should be able to think critically and develop a more rigorous understanding of art and design. They should also know how art and design both reflect and shape our history, and contribute to the culture, creativity and wealth of our nation.

Aims

The national curriculum for art and design aims to ensure that all pupils:

- produce creative work, exploring their ideas and recording their experiences
- become proficient in drawing, painting, sculpture and other art, craft and design techniques
- evaluate and analyse creative works using the language of art, craft and design
- know about great artists, craft makers and designers, and understand the historical and
- cultural development of their art forms.

Curriculum Content for EYFS, Key Stage I and Key Stage 2

EYFS

Teaching and learning is based on Development Matters progression.

Purple = Substantive Knowledge Green = Implicit Knowledge / Skills

` '	\sim
Yaar	One
i eai	One

<u>rear One</u>		
	 Understand drawing is a physical activity. 	
	 Understand there is a relationship between drawings on paper (2d) and making 	
	(3d). That we can transform 2d drawings into 3d objects.	
	 Explore lines made by a drawing tool, made by moving fingers, wrist, elbow, 	
	shoulder and body. Work at a scale to accommodate exploration.	
	 Use colour (pastels, chalks) intuitively to develop spiral drawings. 	
	Pupils draw from paused film, observing detail using pencil, graphite, handwriting	
<u>ه</u>	pen.	
Drawing	 Pupils draw from first hand observation, observing detail using materials above plus 	
)ra	pastel, oil pastel and or pencil crayon.	
	Introduce what a sketchbook is for. Understand it is owned by the pupil for	
	experimentation and exploration.	
	Use sketchbooks to:	
S		
Sketchbooks	Test out printmaking ideas	
ch di	Develop experience of primary and secondary colours Proceedings of programmers and secondary colours Output Develop experience of primary and secondary colours Develop experience of	
(et	Practice observational drawing	
Š	Explore mark making	
	 Understand prints are made by transferring an image from one surface to another. 	
	 Understand relief prints are made when we print from raised images (plates). 	
bo.	 Use hands and feet to make simple prints, using primary colours. 	
ding.	 Collect textured objects and make rubbings, and press them into plasticine to 	
nak	create plates/prints (relief printing) exploring how we ink up the plates and transfer	
Printmaking	the image.	
Pri	Explore concepts like "repeat" "pattern" "sequencing"	
	 Understand watercolour is a media which uses water and pigment. 	
	 Understand we can use a variety of brushes, holding them in a variety of ways to 	
	make watercolour marks.	
	 Explore watercolour in an intuitive way to build understanding of the properties of 	
	the medium.	
	Paint without a fixed image of what you are painting in mind.	
b0	Respond to your painting, and try to "imagine" an image within.	
ıtin	Work back into your painting with paint, pen or coloured pencil to develop the	
Painting	imaginative imagery.	
<u></u>	 Understand collage is the art of using elements of paper to make images. 	
	 Understand we can create our own papers with which to collage. 	
age	Collage with painted papers exploring colour, shape and composition.	
Collage	Combine collage with making by cutting and tearing drawn imagery, manipulating it	
Ú	into simple 3d forms to add to sculpture.	

Making	 Understand that sculpture is the name sometimes given for artwork which exists in three dimensions. Understand the meaning of "Design through Making" Use a combination of two or more materials to make sculpture. Use construction methods to build. Work in a playful, exploratory way, responding to a simple brief, using Design through Making philosophy.
Purpose/ Visual Literacy/ Articulation	 Look at the work of artists who draw, sculptors, and painters, listening to the artists' intention behind the work and the context in which it was made. Understand we may all have different responses in terms of our thoughts and the things we make. That we may share similarities. Understand all responses are valid. Reflect upon the artists' work, and share your response verbally ("I liked"). Present your own artwork (journey and any final outcome), reflect and share verbally ("I enjoyed This went well"). Some children may feel able to share their response about classmates work.

Appendix - Progression of skills

Purple = Substantive Knowledge Green = Implicit Knowledge / Skills

Year Two

	<u>rear i wo</u>
Drawing	 Understand that we can use different media (sometimes combined in one drawing) to capture the nature of things we find.
	Understand that we can hold our drawing tools in a variety of ways, Oversimenting with pressure, grip and speed to affect line.
	 experimenting with pressure, grip and speed to affect line. Visit local environment, collect natural objects, explore composition and qualities
	of objects through arranging, sorting & representing. Photograph.
	 Use drawing exercises to focus an exploration of observational drawing (of objects above) combined with experimental mark making, using graphite, soft pencil, handwriting pen.
	 Work with care and focus, enjoying making drawings which are unrushed. Explore quality of line, texture and shape.
	 Create final collaged drawings (see column 5 "collage") which explore composition.
	Make drawings inspired by sound.
Sketchbooks	 Continue to build understanding that sketchbooks are places for personal experimentation.
	 Understand that the way each persons' sketchbook looks is unique to them. Make a new sketchbook (Elastic Band of Hole Punch) OR make Spaces and Places inside a bought sketchbook
	Work in sketchbooks to:
	Explore the qualities of different media.
	Make close observational drawings of small objects, drawn to scale, working
	slowly, developing mark making. • Explore colour and colour mixing.
	 Explore colour and colour mixing. Make visual notes about artists studied.
Printmaking	 Understand mono prints or mono types are prints made by drawing through an inked surface, transferring the marks on to another sheet.
	 Transfer the skills learnt in drawing and sketchbooks to mono print by making monoprints using carbon copy paper (and or oil pastel prints), exploring the qualities of line.
Painting	 Understand that some painters use expressive, gestural marks in their work, often resulting in abstract, expressionist painting.
	 Understand that the properties of the paint that you use, and how you use it, will affect your mark making.
	 Understand that primary colours can be mixed together to make secondary colours of different hues.
	Understand the concept of still life.
	 Explore colour mixing through gestural mark making, initially working without a subject matter to allow exploration of media. Experiment with using home made tools.
	 Create an arrangement of objects or elements. Use as the focus for an abstract still life painting using gestural marks using skills learnt above.

Curriculum Information

Collage	 Understand that we can combine collage with other disciplines such as drawing, printmaking and making.
	 Use the observational drawings made (see column I "drawing"), cutting the separate drawings out and using them to create a new artwork, thinking carefully about composition. Work into the collage with further drawing made in response to the collaged sheet.
	 Collage with drawings to create invented forms. Combine with making if appropriate.
Making	Understand the role of an architect.
	 Understand when we make sculpture by adding materials it is called Construction.
	 Use the Design through Making philosophy to construct with a variety of materials to make an architectural model of a building, considering shape, form, colour, and perspective. Consider interior and exterior.
	 Use Design through Making philosophy to playfully construct towards a loose brief.
	 Transform found objects into sculpture, using imagination and construction techniques including cutting, tying, sticking. Think about shape (2d), form (3d), texture, colour and structure.
Purpose/ Visual	 Understand artists take their inspiration from around them, collecting and transforming.
Literacy/	 Understand that in art we can experiment and discover things for ourselves.
Articulation	 Look at the work of a printmaker, an architect, and artists and learn to dissect their work to help build understanding. Understand how the artists experience feeds into their work.
	 Understand we may all have different responses in terms of our thoughts and the things we make. That we may share similarities. Understand all responses are valid.
	 Reflect upon the artists' work and share your response verbally ("I liked").
	 Present your own artwork (journey and any final outcome), reflect and share verbally ("I enjoyed This went well").
	Talk about intention.
	 Share responses to classmates work, appreciating similarities and differences.
	 Document work using still image (photography) or by making a drawing of the work. If using photography consider lighting and focus. Some children may make films thinking about viewpoint, lighting & perspective.

Appendix - Progression of skills

Purple = Substantive Knowledge Green = Implicit Knowledge / Skills

Year Three

	<u>Year Three</u>
Drawing	 Understand that charcoal is a drawing medium that lends itself to loose, gestural marks made on a larger scale. Understand charcoal and earth pigment were our first drawing tools as humans. Know that Chiaroscuro means "light/dark" and we can use the concept to explore tone in drawings. Understand that animators make drawings that move. Make marks using charcoal using hands as tools. Explore qualities of mark available using charcoal. Make charcoal drawings which explore Chiaroscuro and which explore narrative/drama through lighting/shadow (link to drama). Option to explore making gestural drawings with charcoal using the whole body (link to dance). Develop mark making skills by deconstructing the work of artists. Use imaginative and observational drawing skills to make drawings of people/animals which can be animated. Consider background, foreground and subject.
Sketchbooks	 Continue to build understanding that sketchbooks are places for personal experimentation. Understand that the way each persons' sketchbook looks is unique to them. Make a new sketchbook (Elastic Band of Hole Punch) OR make spaces and Places inside a bought sketchbook. Work in sketchbooks to: Explore the qualities of charcoal. Make visual notes using a variety of media using the "Show Me What You See" technique when looking at other artists work to help consolidate learning and make the experience your own. Develop mark making skills. Brainstorm animation ideas. Experiment with pigments created from the local environment.
Printmaking	 Understand that screen prints are made by forcing ink over a stencil. Understand that mono print can be used effectively to create prints which use line. That screen prints can be used to create prints which use thicker lines and / or shapes. Use mono print or screen print over collaged work to make a creative response to an original artwork. Consider use of layers to develop meaning.
Painting	 Understand that we can create imagery using natural pigments and light. Understand that paint acts differently on different surfaces. Understand the concept of still life and landscape painting. Use paint, mixing colours, to complete the sculpture inspired by literature.

 Continue to develop colour mixing skills. 	•
 Explore painting over different surfaces, e.g. cloth, and transfer drawing mark making skills into thread, using stitch to draw over the painted fabri 	•
 Explore creating pigments from materials around you (earth, vegetation). 	•
Use them to create an image which relates to the environment the	
materials were found in.	
Understand that we can combine collage with other disciplines such as	Collage •
drawing, printmaking and making.	
 Cut shapes from paper (free hand) and use as elements with which to 	•
collage, combined with printmaking (see column 3 "printmaking") to make	
a creative response to an original artwork. Explore positive and negative	
shapes, line, colour and composition.	
 Understand that many makers use other artforms as inspiration, such as 	Making •
literature, film, drama or music.	
 Understand that when we make sculpture by moulding with our fingers it 	•
is called modelling (an additive process).	
 That clay and Modroc are soft materials which finally dry/set hard. 	•
 An armature is an interior framework which support a sculpture. 	•
 Understand that articulated drawings can be animated. 	•
 Use Modroc or air dry clay to model characters inspired by literature. 	•
Consider form, texture, character, structure. Make an armature to	
support the sculpture.	
 Cut out drawings and make simple articulations to make drawings which 	•
can be animated. Combine with digital media to make animations.	
• To understand that visual artists look to other artforms for inspiration.	Purpose/Visual •
ticulation Look at the work of an artist who uses gestural marks which convey	Literacy/Articulation •
movement, illustrators and makers who take inspiration from literature,	
painters who also use textiles and artists who animate their work.	
 Understand artists often collaborate on projects, bringing different skills 	•
together.	
 Deconstruct and discuss an original artwork, using the sketchbooks to 	•
make visual notes to nurture pupils own creative response to the work.	
 Understand we may all have different responses in terms of our thoughts 	•
and the things we make. That we may share similarities. Understand all	
responses are valid.	
 Reflect upon the artists' work, and share your response verbally ("I liked I didn't understand it reminded me of"). 	•
 Present your own artwork (journey and any final outcome), reflect and 	•
share verbally ("I enjoyed This went well I would have liked next	
time I might). Talk about intention.	
• Work collaboratively to present outcomes to others where appropriate.	•
Present as a team.	•
Present as a team.	•
	•
Present as a team.Share responses to classmates' work, appreciating similarities and	•
 Present as a team. Share responses to classmates' work, appreciating similarities and differences. Listen to feedback about your own work and respond. 	•

Appendix - Progression of skills

Purple = Substantive Knowledge Green = Implicit Knowledge / Skills

Year Four

<u>Year Four</u>		
Drawing	 Understand that artists and illustrators interpret narrative texts and create 	
	sequenced drawings.	
	 Understand artists can work with pattern for different reasons: 	
	Understand Surface Pattern Designers work to briefs to create patterns	
	for products: Artists work with pattern to create paintings or other works.	
	Understand working with pattern uses lots of different concepts including	
	repetition, sequencing, symmetry.	
	 Understand that patterns can be purely decorative or hold symbolic significance. They can be personal or cultural. 	
	 Create owned narratives by arranging toys in staged scenes, using these as subject matter to explore creation of drawings using charcoal and chalk which convey drama and mood. Use light and portray light/shadow. 	
	 Interpret poetry or prose and create sequenced images in either an according or poetry comic format. Work in a variety of media according to intention, including handwriting pen, graphite or ink. 	
	 Use colour, composition, elements, line, shape to create pattern working with tessellations, repeat pattern or folding patterns. 	
	 Use a variety of drawing media including charcoal, graphite, wax resist and watercolour to make observational and experimental drawings. To feel 	
	able to take creative risks in pursuit of creating drawings with energy and feeling.	
Sketchbooks	 Understand that artists use sketchbooks for different purposes and that each artist will find their own ways of working in a sketchbook. 	
	Use sketchbooks to:	
	Practise drawing skills.	
	 Make visual notes to record ideas and processes discovered through looking at other artists. 	
	Test and experiment with materials.	
	Brainstorm pattern, colour, line and shape.	
	 Brainstorm and explore ideas relating to performance art. 	
	Reflect.	
Painting	 Understand that still life name given to the genre of painting (or making) a collection of objects/elements. 	
	 That still life is a genre which artists have enjoyed for hundreds of years, and which contemporary artists still explore today. 	
	To explore colour (and colour mixing), line, shape, pattern and	
	composition in creating a still life. To consider lighting, surface, foreground and background.	
	 To use close observation and try different hues and tones to capture 3d form in 2 dimensions. (Option to use collage from painted sheets). 	

	 Options to work in clay, making reliefs inspired by fruit still lives, or make 3d graphic still lives using ink and foamboard.
	 To explore painting on different surfaces, e.g. fabric, and combine paint with 3d making.
	 To make work as part of a community/class and understand how everyone can contribute towards a larger artwork.
Making	 Understand that a plinth is a device for establishing the importance or context of a sculptural object.
	 Understand that artists can re-present objects, in a particular context with a particular intention, to change the meaning of that object.
	 To understand that sometimes people themselves can be the object, as in performance art.
	 To understand that make sculpture can be challenging. To understand its takes a combination of skills, but that we can learn through practice. That it is ok to take creative risks and ok if things go wrong as well as right.
	 Explore how we can re-see the objects around us and represent them as sculptures. That we can use scale to re-examine our relationship to the things around us.
	 To work in collaboration to explore how we can present ourselves as art object, using a plinth as a device to attract attention to us.
	 To construct sculptural self portraits of ourselves on a plinth, using a variety of materials including fabric.
	 Develop our construction skills, creative thinking and resilience skills by making sculpture which combines lots of materials. Use tools to help us construct and take creative risks by experimenting to see what happens. Use Design through Making philosophy and reflect at all stages to inform future making.
	 To combine modelling with construction using mixed media and painting to create sculpture.
Purpose/Visual Literacy/Articulation	 Look at the work of illustrators and graphic artists, painters and sculptors. Understand the processes, intentions an outcomes of different artists, using visual notes in a sketchbook to help consolidate and own the learning.
	 Understand artists often collaborate on projects, bringing different skills together.
	 Deconstruct and discuss an original artwork, using the sketchbooks to make visual notes to nurture pupils own creative response to the work.
	 Understand we may all have different responses in terms of our thoughts and the things we make. That we may share similarities. Understand all responses are valid.
	 Reflect upon the artists' work, and share your response verbally ("I liked I didn't understand it reminded me of It links to").
	 Present your own artwork (journey and any final outcome), reflect and share verbally ("I enjoyed This went well I would have liked next time I might I was inspired by). Talk about intention.
	 Work collaboratively to present outcomes to others where appropriate. Present as a team.

•	Share responses to classmates work, appreciating similarities and
	differences. Listen to feedback about your own work and respond.

 Document work using still image (photography) or by making a drawing of the work. If using photography consider lighting and focus. Some children may make films thinking about viewpoint, lighting & perspective.

<u>Appendix – Progression of skills</u>

Purple = Substantive Knowledge Green = Implicit Knowledge / Skills

	<u>Year Five</u>
Drawing	 Understand that designers create fonts and work with Typography. Understand that some artists use graphic skills to create pictorial maps, using symbols (personal and cultural) to map identity as well as geography. Create fonts inspired by objects/elements around you. Use close observational drawing with pen to inspire, and use creative skills to transform into letters. Draw over maps/existing marks to explore how you can make mark making more visually powerful. Combine drawing with making to create pictorial / 3 dimension maps which explore qualities of your personality or otherwise respond to a theme. Explore line weight, rhythm, grip, mark making and shape, and explore how 2d can become 3d through manipulation of paper. Use charcoal, graphite, pencil, pastel to create drawings of atmospheric "sets" to help inform set design.
Sketchbooks	 Use sketchbooks to: Explore mark making. Brainstorm ideas generated when reading poetry or prose. Make visual notes to capture, consolidate and reflect upon the artists studied. Explore ideas relating to design (though do not use sketchbooks to design on paper), exploring thoughts about inspiration source, materials, textures, colours, mood, lighting etc. Experiment with different media and different marks to capture the energy of a landscape. Explore colour, and colour mixing, working intuitively to mix hues and tints, but able to articulate the processes involved. Experiment with colour mixing and pattern, working towards creating paper "fabrics" for fashion design.
Printmaking	 Types are single monoprints. Understand that artists sometimes use printmaking to create a larger artwork, e.g. an installation or an artists book. Combine mono type with painting and collage to make an "artists book" inspired by poetry or prose. Explore colour, mixing different hues, and explore composition, working with different shaped elements, before using mono print to layer lines and marks.
Painting	 Understand that there is a tradition of artists working from land, sea or cityscapes. That artists use a variety of media to capture the energy of a place, and that artists often work outdoors to do this. To explore how print is combined with paint and collage to create a cohesive artwork. Explore how you can you paint (possibly combined with drawing) to capture your response to a place. Explore how the media you choose, combined with the marks you make and how you use your body will affect

	 the end result. Think about colour, composition and mark making. Think about light and dark, movement and energy. Mix colour intuitively to create painted sheets. Use pattern to decorate, working with more paint or ink. Transform these 2d patterned sheets into 3d forms or collaged elements to explore fashion design.
Making	 Understand that set designers can design/make sets for theatres or for animations. Understand that designers often create scaled models to test and share ideas with others. Understand that architects and other artists have responsibilities towards society. Understand that artists can help shape the world for the better. Use Design through Making, inspired by a brief, to create a scale model "set" for a theatre production or an animation. Construct with a variety of media, using tools. Think about scale, foreground, background, lighting, texture, space, structure and intention. Use Design through Making and scale models to create a piece of architecture which would make the world a better place. Use a combination of materials, construction methods and tools. Reflect as part of the building process so that you can understand how your intention relates to the reality of what you are building. Option to work in 3d to devise fashion constructed from patterned papers.
Purpose/Visual	
Literacy/Articulation	 Look at the work of designers, artists, animators, architects. Understand the processes, intentions an outcomes of different artists, using visual notes in a sketchbook to help consolidate and own the learning. Understand we may all have different responses in terms of our thoughts
	and the things we make. That we may share similarities. Understand all responses are valid.
	 Reflect upon the artists' work, and share your response verbally ("I liked I didn't understand it reminded me of It links to").
	 Present your own artwork (journey and any final outcome), reflect and share verbally ("I enjoyed This went well I would have liked next time I might I was inspired by). Talk about intention.
	 Work collaboratively to present outcomes to others where appropriate. Present as a team.
	 Share responses to classmates work, appreciating similarities and differences. Listen to feedback about your own work and respond.
	 Document work using still image (photography) or by making a drawing of the work. If using photography consider lighting and focus. Some children may make films thinking about viewpoint, lighting & perspective.
	 Discuss the ways in which artists have a responsibility to themselves/society. What purpose does art serve?

<u>Appendix – Progression of skills</u>

Purple = Substantive Knowledge Green = Implicit Knowledge / Skills

Year Six

	<u>Year Six</u>					
Drawing	 Understand that there is often a close relationship between drawing and making. Understand that we can transform 2d drawings into 3d objects. Understand that graphic designers use typography and image to create packaging which we aspire to use. Understand that there are technical processes we can use to help us see, draw and scale up our work. Explore using negative and positive space to "see" and draw a simple element/object. Use the grid system to scale up the image above, transferring the image onto card. Use collage to add tonal marks to the "flat image". 					
Sketchbooks	Use sketchbooks to:					
	 Practise seeing negative and positive shapes. Using the grid method to scale up an image. Explore what your passions, hopes and fears might be. What makes you you? How can you find visual equivalents for the words in your head? Explore colour: make colours, collect colours, experiment with how colours work together. Explore combinations and layering of media. Develop Mark Making Make visual notes to capture, consolidate and reflect upon the artists studied. 					
Printmaking	 Understand that artists sometimes use their skills, vision and creativity to speak on behalf of communities they represent, to try to change the world for the better. Understand that the nature of the object (artwork in gallery, graffiti on wall, zine) can be specific to the intention of the artist. Explore what kinds of topics or themes YOU care about. Articulate your fears, hopes, dreams. Think about what you could create (possibly working collaboratively) to share your voice and passion with the world. Use screenprinting and/or monoprinting over collaged and painted sheets to create your piece of activist art. 					
Painting	 Understand that the fabrics used to make clothes have been designed by someone. That there is a relationship between td shape and pattern and 3d form and function. Explore how we can use layers (physical or digital) to explore and build portraits of ourselves which explore aspects of our background, experience, culture and personality. Make independent decisions as to which materials are best to use, which kinds of marks, which methods will best help you explore. 					

Making

- Understand that artists use a variety of media including light and sound as well as physical media to create installations. Understand that installations are often immersive, enabling the viewer to enter the artwork.
- Understand that designers & makers sometimes work towards briefs, but always brings their own experience in the project to bear.
- Understand that artists and designers add colour, texture, meaning and richness to our life.
- Understand that artists reinvent. Understand that as artists, we can take the work of others and re-form it to suit us. That we can be inspired by the past and make things for the future.
- Use the device of scaled model to imagine what your installation might be, working in respond to a brief or "challenge" to enable a viewer to "have a physical experience of colour."
- Use a variety of materials, including light and sound, to make a model of what you would build. Think about structure of space, how the viewer would enter, what they would see, feel, hear. Use colour in a brave and bold way, reflecting upon how this might make the viewer feel.
- Use a variety of materials to design (through making) and construct a scaled piece of furniture. Bring your personality and character to the piece. Let your nature inform the choice of materials and shapes you use.
- Combine making with drawing skills to create shadow puppets using cut and constructed lines, shapes and forms from a variety of materials. Working collaboratively to perform a simple show sharing a narrative which has meaning to you.

Purpose/Visual Literacy/Articulation

- Look at the work of designers, artists, art activists, installation artists, craftspeople and puppeteers.
- Understand that artists use art to explore their own experience, and that as viewers we can use our visual literacy skills to learn more about both the artist and ourselves.
- Understand we may all have different responses in terms of our thoughts and the things we make. That we may share similarities. Understand all responses are valid.
- Reflect upon the artists' work, and share your response verbally ("I liked... I didn't understand... it reminded me of... It links to...").
- Present your own artwork (journey and any final outcome), reflect and share verbally ("I enjoyed... This went well... I would have liked... next time I might.. I was inspired by....). Talk about intention.
- Work collaboratively to present outcomes to others where appropriate. Present as a team.
- Share responses to classmates work, appreciating similarities and differences. Listen to feedback about your own work and respond.
- Document work using still image (photography) or by making a drawing of the work. If using photography consider lighting and focus. Some children may make films thinking about viewpoint, lighting & perspective

Somerdale Educate Together Primary School

Curriculum Information

		Somei	rdale AccessArt Cu	rriculum units		
Year I	Autumn Term I	Autumn Term 2	Spring Term I	Spring Term 2 <u>Exploring</u>	Summer Term I	Summer Term 2
	Spirals Using drawing, collage and mark-making to explore spirals. Introducing sketchbooks.	Simple Printmaking Explore simple ways to make a print. Use line, shape, colour and texture to explore pattern, sequencing and symmetry.	Playful Making Exploring materials and intention through a playful approach Science	Watercolour Exploring watercolour and discovering we can use accidental marks to help us make art.	Making Birds Sculptural project beginning with making drawings from observation, exploring media, and transforming the drawings from 2d to 3d to make a bird.	Inspired by Flora & Fauna Explore how artists make art inspired by flora and fauna. Make collages of MiniBeasts and display as a shared artwork.
		Outdoor Learning			(DT)	Computing Link Science Outdoor Learning
Year 2	Explore & Draw Introducing the idea that artists can be collectors & explorers as they develop drawing and composition skills. Computing Geography	Exploring the World Through Mono Print Using a simple mono print technique to develop drawing skills, encourage experimentation and ownership	Be An Architect Exploring architecture and creating architectural models. (DT)	Expressive Painting Explore how painters sometimes use paint in an expressive and gestural way. Explore colour mixing and experimental mark making to create abstract still lifes. Learn Together	Stick Transformation Project Explore how you can transform a familiar object into new and fun forms. Outdoor Learning	Music & Art Explore how we can make art inspired by the sounds we hear
Year 3	Gestural	Working with	Telling Stories	Cloth, Thread,	Making Animated	Using Natural
	Drawing with Charcoal Making loose, gestural drawings with charcoal, and exploring drama and performance. History- Stone Age	Shape and Colour "Painting with Scissors": Collage and stencil in response to looking at artwork. Maths	Through Making Explore how artists are inspired by other art forms — in this case how we make sculpture inspired by literature and film. (DT)	Paint Explore how artists combine media to create work in response to landscape. Use acrylic and thread to make a painted and stitched piece. Science	Drawings Explore how to create simple moving drawings by making paper "puppets" and animate them using tablets. Computing	Materials to Make Images Using natural pigments and dyes from the local environment to make art. Exploring Cyanotype and Anthotype
			English/VIPERS	Geography		History

Somerdale Educate Together Primary School

Curriculum Information

Storytelling Through Drawing Explore how artists create sequenced drawings to share and tell stories. Create	Exploring Pattern Exploring how we can use colour, line and shape to create patterns, including repeating patterns	The Art of Display Explore how the way we display our work can affect the way it is seen.	Exploring Still Life Explore artists working with the genre of still life,	Sculpture, Structure, Inventiveness & Determination	Festival Feasts How might we use food and art to bring us together?
concertinas or comic strips to retell poetry or prose through drawing.	Computing link?	(DT)	contemporary and more traditional. Create your own still life inspired art work.	What can artists learn from nature? Science Geography	(DT) Learn Together
Inglish Typography & Maps Exploring how we can create typography hrough drawing and design, and use our skills to create personal and highly visual maps. Computing linkfonts Geography	Making Monotypes Combine the monotype process with painting and collage to make visual poetry zines. English	Set Design Explore creating a model set for theatre or animation inspired by poetry, prose, film or music. (DT)	Mixed Media Land & City Scapes Explore how artists use a variety of media to capture spirit of the place. Geography	Architecture: Dream Big or Small? Explore the responsibilities architects have to design us a better world. Make your own architectural model. (DT) Learn Together	Fashion Design Explore contemporary fashion designers and create your own 2d or 3d fashion design working to a brief. Learn Together
2D Drawing to 3D Making Explore how 2D drawings can be transformed to 3D objects. Work towards	Activism Explore how artists use their skills to speak on behalf of communities. Make art about things you care about. Learn Together	Brave Colour Exploring how artists use light, form and colour to create immersive environments. Science	Exploring Identity Discover how artists use layers and juxtaposition to create artwork which explores identity. Make your own	Take a Seat Explore how craftspeople and designers bring personality to their work. Learn Together	Shadow Puppets Explore how traditional and contemporary artists use cutouts and shadow puppets. Science History English
	ork towards a sculptural utcome or a raphic design	Make art about things you care about. a sculptural about. a prophic design Learn Together	Make art about things you care about.
