

## Term 3 Newsletter (Otters)

Dear Families,

I hope you have all had a wonderful winter break and a lovely Christmas for those who celebrate. We have an exciting term 3 to look forward to! Please look at our Medium Term Plan for Term 3 for a more in-depth overview of our learning this term. Our 'Show and Tell' and Library Day is Thursday and PE has also now moved to a Thursday (and Tuesday).

## The Year One team:

**Beth Baker**      **Helen Hesketh**  
**Class Teacher**      **Learning Support Assistant (Mon-Fri AM)**

Enquiry Questions this term: I wonder where animals get their food from? (Science). I wonder how Fry's Chocolate changed Keynsham? (History).

This term our enquiry questions are 'I wonder where animals get their food from?' and 'I wonder how Fry's Chocolate changed Keynsham?'. This will underpin our History and Science learning where we will look at different types of animals and learn language such as carnivore, omnivore and herbivore. We will also take some time to look at seasonal changes now we have moved into Winter! We will be exploring our local environment this term, looking for features of the factory and finding out about the importance and impact of the factory on Keynsham. In our Learn Together sessions we will be exploring the topic of love and individuality.

## Rights Respecting Schools

This term we will focus in particular at these rights:

- Article 2: All children have all these rights, no matter who they are, where they live, what language they speak, what their religion is, what they think, what they look like, if they are a boy or girl, if they have a disability, if they are rich or poor, and no matter who their parents or families are or what their parents or families believe or do. No child should be treated unfairly for any reason.

## Teaching and Learning This Term

Our medium term overview is now available on the class page of our website.  
[Please click here to view the overview for this term. \(Y1\)](#)

## Home Learning

## Reading

It is our recommendation that children should be reading daily where possible. The expectation is that children read **a minimum of 4 times a week**.

## Spelling

This term we will introduce spellings which will be a combination of words using the phonics that they already know and some tricky words. These will change weekly. We may send home tricky words each week and teach children some games they can play with them to support their phonics, such as those given out during Parent's Evening. A new spelling list and set of assignments will be set each Friday followed by a spelling quiz the following Friday in school.

There will be a log in to LetterJoin in the children's reading records from Week 2. The children can use this to practice their letter formation from home.

[Access Letter Join at home to practice letter formation and spelling. Available on desktop, laptop and tablet.](#)

## **Maths**

Children are expected to practise key number facts at home regularly.

## Key Stage 1

In Key Stage 1, the expectation is that children learn their addition and subtraction number facts to 10 at home. At school we use a programme called Numbersense. Follow the link below for the Numbersense overviews which also give you advice on games and activities you can do at home to support your children with what is currently being taught in class.

[Numbersense Home Learning Overviews \(Year 1, Year 2 & Year 3 Autumn Term\)](#)

The White Rose 1-minute maths app can also be used to practise number facts at home.  
<https://whiterosemaths.com/1-minute-maths>

White Rose also have videos relating to the main Maths teaching. These can help you to see the methods that are being taught, or can be used as additional practice. They also have downloadable workbooks that can be used at home.

[Busy Things also has some good games which support addition and subtraction number facts.](#)

## Other important information/notes for the time ahead

<b>Class Page</b> You can access information, long term and medium term overviews as well as other resources on the class page on our website.	<b>Reading Records</b> Please date and sign yellow reading record when your child reads at home. Children reading 4 times or more get a golden ticket for a chance to win a book.	<b>School Clothing Guidance</b> Please see the <a href="#">page on our website</a> for more information on appropriate clothing for school.
<b>Library Day</b> Our Library Day is on Thursday.  Please ensure your child has their book on these days. Automated emails are sent for overdue books. If you feel a book may be lost or damaged in your care, we ask for a donation to cover the cost of replacement.	<b>PE Day</b> Our PE days are Tuesday and Thursday.  On these days, please ensure your child is wearing a loose-fitting top and shorts/jogging bottoms which allow them full movement of their bodies. Children should also wear suitable footwear such as trainers. Ear studs should be removed or covered with medical tape for health and safety purposes.	<b>Class Assembly Date</b> Keep the date in your diary! Our class assembly for this academic year is on: Year 1: Mon 19 <sup>th</sup> May – 2.40pm  Please read the whole school newsletters regularly as they include other important dates.
<b>What does my child need to bring into school every day?</b> <ul style="list-style-type: none"><li>• Bookbag with reading record and reading book inside. (Bookbags are then put into children's drawers. If you need a replacement bookbag, contact the office for the price.)</li><li>• Filled Water Bottle</li><li>• Library book on library days</li></ul>	<b>Healthy Snacks for Playtime</b> In the Early Years and Key Stage One, the children are provided with a free piece of fruit or vegetable via the Government scheme.  In Key Stage Two, children need to bring a piece of healthy snack for breaktime. This should be a piece of fruit or vegetable.  Ultra processed snacks are high in sugar, even those that are advertised as '1 of your 5 a day'. NHS advice states children aged 7-10 should have no more than 24g of free sugars a day. Due to the processing, reconstituting and reblending of ingredients to create fruit winders, these snacks contain high amounts of free sugars.	<b>Show and Tell Days</b> Week 1 – Purple Spots Week 2 – Yellow Spots Week 3 – Blue Spots Week 4 – Orange Spots Week 5 – Green/Red Spots Week 6 – No Show and Tell

- Welly boots would still be useful in year 1.

**For example, Bear Fruit Yoyo, strawberry contains 8g of sugar. This equates to one third of the recommended daily allowance.**

For this reason, with consideration to Article 24 (children have the right to healthy food) we ask that these are not brought to school as they are not considered a healthy snack due to the high sugar content. It also creates littering problems with the excess packaging.
