Human Rights

Y3

The pupils will be enabled to:

- Distinguish between needs and wants.
- Identify that we all have human rights related to everyday life such as the right to play, shelter, education, food, clothing and a safe home.
- Explore the importance of human rights and how they belong to everyone regardless of ethnic background, religious or secular belief, gender, sexual orientation, (dis) ability etc.
- Explore stories and scenarios that bring human rights to life.

Human rights are inalienable and exist independently of responsibilities. Rights should not be contingent on behaving in ways considered appropriate by authority figures. Please see the Support Materials for further guidance.

Making a Difference

Y3

The pupils will be enabled to:

- Recall the contribution an individual or group in the school community made in relation to a specific issue.
- Identify the circumstances which necessitated this contribution.
- Identify the practical benefits of this contribution.
- Engage in discussion with this individual or group about their motivations for instigating change and the process involved in bringing those changes about.

Examples of small, practical and visual initiatives include:

- an addition to playground activities
- Student Council charitable fundraisers
- spring clean around the school
- planting flowers.

Giving Things Up

Y3

The pupils will be enabled to:

Communicate (children reflect on own experiences of concept)

- Identify times when they had to give up something or go without something such as access to screens / tv / online games or not being able to play due to an injury.

Apply (children reflect on how concept affects them and others – impact on feelings and behaviours)

- Articulate how they felt and acted during this time e.g. impatient, occupied their time differently, anticipated the return of the item / event, appreciated it more upon its return.

Enquire (children speculate and ask questions about concept)

- Discuss the different reasons why people give things up.
- Articulate the meaning of giving things up.

Contextualise (children create connections between concept and belief system)

- Identify the concept of sacrifice or 'giving things up' in one belief system.
- Listen to and discuss stories and experiences of people who make sacrifices or give something up for religious reasons.

Reflect (children reflect on value and importance of concept)

Within (belief system / from viewpoint of member of belief system)

- Engage in debate and discussion on the importance of giving things up for members of a belief system.

Without (from children's perspective)

- Engage in debate and discussion on whether giving something up or going without something for a time makes us more appreciative of or grateful for it.

How to Support at Home

- Reading daily if possible with your child and encouraging book talk and enjoyment of reading.
- Spelling practice and activities using Spelling Shed
- Talk to them about their day. Create link with school + home.
- Model and encourage growth mindset.

Encourage a growth mindset.
I can't do this YET.
I am going to keep trying.
Good learners don't always 'get' things straight away. Good learners are those that don't give up.
