

Meet your teacher!

Hi Wildcats!

Here's for the big reveal... I'm going to be your teacher in Year 3 on Mondays, Tuesdays and Wednesdays! I'm looking forward to sharing the teaching with Beth and I know we are going to have lots of fun learning together in Year 3!

In your new classroom...

You will find lots of familiar things in Year 3, but some things will be slightly different. We don't have a specific carpet area as you will all be sat at tables for learning. However, we do have a brilliant cosy reading area, full of new books for you to explore.

We cover topics like the Stone Age and the Egyptians and base our English and Art around this too, which is always fun. In Maths, you will begin to learn timetables and this becomes part of our daily routine from Term 3.

We also learn about light, magnets and plants and carry out experiments to help deepen our understanding. There are so many new and exciting things to learn in Year 3!

About me

I qualified as a teacher 15 years ago, but I took a break to have my children before entering back into teaching. This will now be my third year teaching Year 3 at Somerdale.

I have a 10 year old boy and an 8 year old girl and I absolutely love spending time with my family. We enjoy breaks away in Bude and my favourite days are spent by the rock pools and watching the sunset.

As most of you know, I love dancing and I know that a lot of you are already excited to be part of the productions now you're moving into KS2!

I'm really looking forward to getting to know you more, in September.

Tiarna 😊
