

Meet your teacher!

Hello! I'm Jess and I am very excited to be your Year 5 teacher in September. We, of course, already know each other but I am really looking forward to becoming a part of Bumblebee Class and finding out more about you.

I am excited to be teaching Year 5 for the first time in a while! We will get up to all kinds of activities such as making fidget spinners, filming movies and dissecting plants.

I am really looking forward to getting started with Bumblebee class next September!

In your new classroom..

In our classroom, there are lots of resources that will help support your learning.

You can have monitor jobs in the classroom to help keep our space tidy, organised and running smoothly. If you are creative, you could be an art monitor!

I love reading and some of my favourite books are in the baskets in the classroom to share with each other.

About me

I have been a teacher for 19 years and I have taught mostly Year 6 and some Year 5. I have always liked teaching upper key stage 2 and am excited to go back to year 5. I enjoy spending weekends with my three children and husband who is a teacher too. I love gardening and growing vegetables! If you like gardening, you can help with our classroom trough where we can grow flowers, vegetables and herbs. I would love to have more time to read as it can transport you anywhere!

I really look forward to finding out about you in Year 5.
